No. of 1917

Divan's office Savanur

7th February 1917.

From

Ramachendra Bapuji Punecker *Esquire*  
Divan of Savanur.

To

Meherban Lt. Nawabsaheb Dilerjung  
Bahadur Savanur State.

Sir,

With reference to your order no. 142 dated 4th instant, I have the honour to state as follows:-

2, There are 6 Malnad-villages in this ---- State viz: Chandapur, Neerlakati, Mulakari, Hulikatti, Torur and Hotanhalli which are in need of a tolerably good supply of quinine for free distribution. The *villages* (including Neerlakatti) of Chandapur and Hotanhalli will, I think, each require at least 2 pounds and the remaining three villages, - the population of which is not so large as that of the other two villages will require one pound each. One pound of quinine will have to be kept in reserve to meet a further demand if any from any of the said villages. Thus 8 pounds of quinine will have to be ordered and kept in the dispensary every year at the end of May for free distribution to the villages before the setting in of the rains.

3. The Sub-Assistant Surgeon whom I consulted in the matter, says that only a quantity of 10 to 12 pounds of quinine is supplied to his Dispensary every year from Govt. Depot which is barely sufficient to meet the yearly demand of the Dispensary and that any attempt to spare any out of this supply for use in Malnad-villages is out of the question.

4. Therefore 8 pounds of quinine will have to be ordered. The price of quinine is Rs. 23-12-0 per pound. A provision for Rs. 200 will have to be made

in the Budget every year from the current year for 8 pounds of quinine for free distribution.

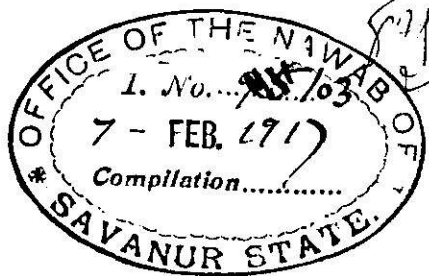

5. A new drug known as Quinoidine has been recently discovered. It can be obtained from the <sup>Alipur</sup> ~~Alipur~~ -- Juvenile Jail in two-grain and one-grain tablets at Rs. 4 per pound. It is (as has been stated in the Indian Medical Gazette for September 1916 - page 337) as effective as quinine and causes no cinchonism or --- gastric trouble. This drug is said to have been sent by the Juvenile Jail to every part of India. If an -- amount of Rs. 40 only is spent every year, a sufficient quantity of this drug can be had for free distribution in malarious villages of this State.

6. On hearing from you as to which of the two drugs (whether quinine or quinoidine) should be ~~order~~ --- ordered, further action will be taken in the matter.

I have the honour to be

sir,

Your most obedient servant-----

Messrs Smith Stain & Co

Calcutta

Gentlemen,

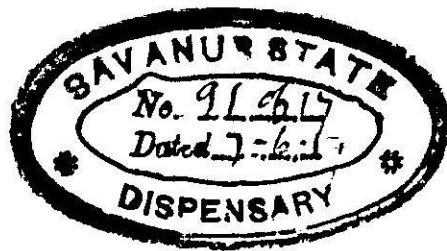

Will you kindly let me know  
I have the honour  
to request the favour of  
your kindly supplying this  
office with rolls of quinoidine  
to enquire whether the drug  
known as quinoidine is  
available in <sup>your</sup> firm. I should  
be obliged if you can let me  
know at your early convenience  
at what rate of price per  
pound the drug is sold. On  
hearing from you I will  
inform you what quantity  
is required by me

Yours truly

R. B. Punekar Esq.,  
Divan Savanur,  
Savanur.

Dear Sir,

We are in receipt of your No. 307 dated 9th instant enquiring about Quinoidine. We are happy to inform you that we stock this and its price is Rs4/- per lb. In its raw state Quinoidine is in hard lumps and Dispensary Compounders would find it difficult to manipulate in dispensing. We should suggest you if you intend to purchase any to have it in the tablet form.

We can supply you with Quinoidine Tablets each containing a nett weight of 2 grains of Alkaloid in 1 lb tins averaging 3500 tablets to a pound @ Rs6/8/- per lb. This preparation is having a very large sale just now and has been found most efficacious in the treatment of fevers in malarious districts.

We are enclosing a pamphlet by Lt. Co. Waters, Indian Medical Service on the merits of this Alkaloid of Cinchonna.

Yours faithfully,  
SMITH STANISTREET & CO.
